Brockport Central School District Proposed Capital Improvement Project Vote Results

Capital Project Proposition: Passed
\$28.270 million Capital Improvement Project

Yes	222
No	81

“We would like to thank our community for voting in favor of our 2023 Capital Improvement Project. Whenever we improve our District’s facilities, it benefits our students, staff, and community. This project not only maintains a safe and comfortable learning environment, it also reduces energy usage, saves on utility costs, and improves cafeteria and gymnasium spaces. We are pleased that we can complete all of these improvements with no impact on local taxes.”

Sean Bruno
Superintendent of Schools
Brockport Central School District
