## ***Registration for Student Parking***

*As the school year begins, we would like to provide our responsible student drivers access to a student parking permit allowing them to drive and park on campus. Our main goal is to ensure that all student drivers contribute to a safe environment on our campus.*

*In support of that goal, **all** students who wish to receive a parking permit will need to*

- **read through a power point presentation***
- **watch a few short videos on safe driving***
- **take a short quiz***
- **submit their application with a \$5.00 permit fee.***

*\*We urge all students to review the parking permit application with their parent/guardian before signing. A parent/guardian signature is also required.*

The Parking Permit application and video will be located on the Brockport High School’s webpage under ‘School Information’. Additionally, hard copies can be picked up in the High School main office, call (585) 637-1870 to make an appointment prior to the first day of school.

The opportunity to drive and park on our campus is a privilege afforded to our students for the purpose of helping them fulfill their many out-of-school responsibilities while meeting their obligations as students here at Brockport. Additionally, our student drivers will need to arrive to school on time and remain in good academic standing throughout the school year. Consequently, students who do not follow the expectations outlined for safe driving while on our campus will directly result in the loss of parking/driving privileges.
