Dear Brockport students, parents/guardians and essential partners,

Each year the Brockport Central School District reviews its Code of Conduct to ensure we are in compliance with federal, state and local regulations. This document has been updated for the 2022-23 academic year to reflect required changes and incorporates feedback from the Brockport Board of Education, staff, students and families.

The goal of the Code of Conduct is to guide individuals toward an understanding of the District's standards and procedures to ensure the safety of students, school personnel, parents and visitors to our campus. While this document identifies consequences for unacceptable behavior, it also highlights a student's rights and responsibilities to help create a supporting and positive school climate.

I encourage you to review the Code of Conduct with your child to better understand school rules and expectations. Please contact us if you have any questions, concerns or feedback.

We look forward to working with you and your child. Together we can create a safe and secure environment where each student can learn and grow.

Sincerely,

Sean C. Bruno Superintendent of Schools

#### **Computer Networks and Student Devices**

Board Policy 7300 (Student Use of Personal Technology)

#### STUDENTS HAVE THE RIGHT TO use

designated computer resources owned by the Brockport Central School District for educational purposes. Students may use electronic devices as long as they do not interfere with instruction or other school activities.

New technologies are shifting the ways that information may be accessed, communicated and transferred. Those changes also offer the opportunity to enhance instruction and student learning.

Along with access to devices and the Internet comes the availability of materials that may not be considered appropriate in the classroom. Brockport Central School District uses an Internet filtering program to protect students from accessing materials that may not be considered appropriate in the classroom. Ultimately, school staff, parents and guardians of minors are responsible for setting and conveying the standards for students to follow when using media and information sources. Brockport Central School District supports and respects each family's right to decide whether or not to allow their child to access the Internet.

If the Internet is used by the teacher for direct classroom instruction and is under the teacher's control, the Acceptable Use Policy (AUP) is not necessary. Students using the Internet independently of the teacher must have an AUP on file.

#### **Rules and Responsibilities**

STUDENTS ARE RESPONSIBLE FOR good behavior on school computer networks just as they are in a classroom or school hallway. General school rules for behavior and communications apply as outlined in the building student handbooks and the District Code of Conduct.

Internet access is provided for students to conduct research and communicate with others in relation to school work. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege, not a right. Therefore, based upon the acceptable use guidelines outlined in this document, the District may deny access at any time and revoke or suspend specific user access based on violations of the rules and standards contained in this policy. The use of network resources must be in support of the academic expectations of Brockport Central Schools. Use of other organizations' networks or computing resources must comply with rules appropriate for that network.

Transmission of any material in violation of U.S. or state regulations including copyrighted, threatening, or obscene materials is prohibited. Use for commercial activities by for-profit organizations, product promotion, political lobbying, or illegal activities is strictly prohibited. The user is expected to abide by the following network rules of etiquette. The user will:

- a) Engage in positive digital citizenship.
- b) Be respectful and polite and will not write or send abusive messages.
- c) Use appropriate language (swearing, use of vulgarities or any other inappropriate language is prohibited).
- d) Not transmit obscene materials or receive offensive messages or pictures from any source.
- e) Not reveal the personal address or phone number of themselves or others.
- f) Not communicate any credit card number, bank account number or any other financial information.
- g) Not assume that all electronic messages are private. People who operate the system do have access to all mail. Inappropriate messages can result in suspension of privileges.
- h) Not send messages inflammatory or derogatory toward any race, religion, culture, ethnic group, gender or sexual orientation.
- i) Not tamper with or copy school-owned software or load personal software onto school-owned computers.
- j) Not download non-educational software from the Internet.
- k) Not use the network in a way that would disrupt the use of the network by other users.
- Not commit acts of vandalism. Any malicious attempt to harm or destroy data of another user will not be tolerated. Any questionable action will result in the cancellation of user privileges.
- m) Not use school computers for unauthorized purposes.
- n) Confine printing to school-related materials.
- Not post personal web pages as part of the District's web site. All web pages for classes or extracurricular groups must be approved and in compliance with Board Policy #3180 District Web Site/Web Pages.
- p) Share their passwords or utilize another user's password.
- q) Not damage hardware or permanently alter the physical appearance of district issued devices.

#### **Other Personal Electronic Devices**

Personal electronic devices (including but not limited to, cell/smart phones, tablets and personal computers) can greatly enhance an individual's safety, productivity, learning or entertainment. It is the responsibility of the user to use electronic devices in a responsible manner that does not disrupt the rights of others or in any way infringe upon the educational environment.

#### **Dignity for All Students Act**

**Board Policy 7500** 

**YOU HAVE THE RIGHT TO** learn in a safe, inclusive, environment free of emotional, physical or cyber bullying, harassment or bias.

**YOU HAVE A RESPONSIBILITY TO** contribute to an inclusive school environment that is conducive for learning and is a place that feels safe and respectful for all. If it is safe to intervene as a helpful bystander ("upstander") and/or report instances of bullying, harassment, hazing, etc. use the Bullying Reporting Form.

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting and intimidation. These behaviors interfere with the mission of the District to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are the targets, but also those individuals who participate in and witness such acts.

Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of harassment, bullying and discrimination and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District's educational mission.

The District condemns and prohibits all forms of harassment, bullying and discrimination of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. All administrators, faculty, staff, parents/caregivers, families, volunteers and students are expected to not tolerate harassment, hazing and bullying and to model behavior that is respectful and civil.

In addition, any act of harassment, bullying and discrimination outside of school sponsored events, which can reasonably be expected to materially and substantially disrupt the educational process may be subject to discipline. Off campus misconduct that endangers the health and safety of students or staff within the school, or can reasonably be expected to impact the educational process is also prohibited and will be addressed by the District. Examples of such misconduct include, but are not limited to cyberbullying. Cyberbullying is defined as the creation of a hostile environment by conduct or by threats, intimidation or abuse through any form of electronic communication, that:

- a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical wellbeing;
- b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety;
- c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student or;
- d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation, or abuse might reach school property.

Therefore, discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds which can reasonably be expected to materially and substantially interfere with the requirements of appropriate conduct and order in the operation of the school or impinge on the rights of other students may be subject to disciplinary consequences.

#### **Dignity Act Coordinator**

At least one employee at every school shall be designated as the Dignity Act Coordinator. All Dignity Act Coordinators will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (identity or expression) and sex. The Board of Education shall appoint all Dignity Act Coordinators and share the names and contact information with all school personnel, students and parents/ persons in parental relation. If a Dignity Act Coordinator vacates their position, another school employee shall immediately be designated for an interim appointment as Coordinator, pending approval from the Board of Education, within thirty days of the date the position was vacated. In the event a Coordinator is unable to perform the duties of the position for an extended period of time, another school employee shall immediately be designated for an interim appointment as Coordinator, pending return of the previous Coordinator to the position.

#### Training

Training will be provided each school year for all District employees in conjunction with existing professional development training to raise staff awareness and sensitivity of harassment and discrimination directed at students that are committed by students or school employees on school property or at a school function. Training will include ways to promote a supportive school environment that is free from harassment, bullying and discrimination, emphasize positive relationships and demonstrate prevention and intervention techniques to assist employees in recognizing and responding to harassment, bullying and discrimination, as well as ensuring the safety of the victims.

Instruction in Pre-Kindergarten through Grade 12 shall include a component on civility, citizenship and character education. Such component shall instruct students on the principles of honesty, tolerance, personal responsibility, respect for others, observance of laws and rules, courtesy, dignity and other traits which will enhance the quality of their experiences in, and contributions to, the community. Such component shall include instruction of safe, responsible use of the Internet and electronic communications. For the purposes of this policy, "tolerance," "respect for others" and "dignity" shall include awareness and sensitivity to harassment, bullying, discrimination and civility in the relations of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, genders and sexes.

Rules against harassment, bullying and discrimination will be included in the Code of Conduct, publicized district-wide and disseminated to all staff and parents. An age-appropriate summary shall be distributed to all students at a school assembly at the beginning of each school year.

#### Reports and Investigations of Harassment, Bullying and Discrimination

Although it can be difficult to come forward when faced with bullying, hazing or harassment, the District cannot effectively address inappropriate behaviors if incidents are not reported. Students who have been bullied, parents/caregivers whose children have been bullied or other students or staff members who observe bullying behavior are encouraged and expected to make a verbal and/or written complaint to any school personnel in accordance with the guidelines and training provided. The District will investigate complaints of harassment and discrimination, either formal or informal, and take prompt corrective measures, as necessary. Complaints will be investigated in accordance with applicable policies and regulations. If, after an appropriate investigation, the District finds that this policy has been violated, corrective action will be taken in accordance with district policies and regulations, the Code of Conduct and all appropriate federal or state laws.

The District will annually report verified material incidents of discrimination and harassment to the State Education Department as part of the School Safety and Educational Climate (SSEC) Reporting System.

**Disciplinary Consequences and Remediation** While the primary focus of this policy is prevention, acts of bullying, harassment or hazing may still occur and must be addressed. These acts may be student to student, and/or staff to student. (DASA does not protect staff to staff interactions.) After completing an investigation into acts of bullying, harassment or hazing, appropriate disciplinary action may be taken by the administration in accordance with the District's Code of Conduct. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

Consequences for a student who commits an act of bullying, harassment and/or hazing shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student and the student's disciplinary history. All discipline will be consistent with the District's Code of Conduct.

#### **Prohibition of Retaliatory Behavior**

All complainants and those who participate in the investigation of a complaint in accordance with state law and district policies, who have acted reasonably and good faith, have the right to be free from retaliation of any kind.

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying and discrimination by an employee or student, on school grounds or at a school function, who acts reasonably and in good faith and reports such information to school officials or law enforcement authorities, shall have immunity from any civil liability that may arise from making such report. The Board prohibits any retaliatory behavior directed at complainants, victims, witnesses and/or any other individuals who participated in the investigation of a complaint of discrimination or harassment.

### Dissemination, Monitoring, Review and Reporting

The policy shall be posted on the District's website. The District has adopted a reporting form that may be used to report any complaints regarding bullying, harassment or hazing under this policy. This form is accessible on the District's website and will be incorporated in the District's administrative regulations.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If changes are needed, revisions will be recommended to the Board for its consideration and approval.

The District will annually report all verified material incidents of discrimination and harassment to the State Education Department as part of the uniform School Safety and Educational Climate (SSEC) data report.

#### **Discipline Procedures**

The Superintendent and/or designate, including all building administrators and directors, are responsible for identifying student behavior in conflict with the responsibilities of the Student Conduct Code. To ensure the health, welfare and safety of all students, administrators will take measures that *may* include:

- Investigation of the incident(s) or infraction(s)
- Determine responsibility level(s)
- Restorative Practices; Assist students in repairing relationships and/or making amends for their behavior
- Apply appropriate disciplinary measures

These measures may also include receiving counseling/advising, participation in 1-1 mediation or group mediation, reading assignment and reflective paper on a relevant topic, making a verbal or written apology, entering into a behavioral agreement, providing community service to the school, cleaning up or restitution for damages. These consequences increase the student's awareness of their personal responsibility and develop empathy for the affected person(s). Restorative justice measures often require agreement of the offender and/or the harmed person(s) and may be used alongside traditional disciplinary measures when the student is amenable to participating in this process.

Teachers may also impose certain forms of disciplinary action and restorative justice, including the removal of a student causing substantial disruption from their classroom. Principals may impose all of these forms of disciplinary action, except for suspension from Commencement, long-term suspension (more than five days) and permanent suspension from school.

Except in extreme situations, the Principal, Assistant Principal or teacher may require that a student in violation of their responsibilities attend a conference before disciplinary action is decided. A conference intended for the purpose of considering suspension may also be held. Depending upon the nature of the offense, other persons involved, including parents, may be asked to attend the conference. In general, teachers and principals will keep parents advised of discipline problems with their children long before they reach a truly serious stage.

A consequence is the result or direct effect of an action. There is a range of consequences that administrators and teachers may utilize as a result of a student's action. The range of disciplinary consequences include, but is not limited to:

- Verbal or written warnings
- Reprimand
- Verbal or written notification to parent/guardian
- Time-out or cool-off room
- Detention, staying after school, lunch detention
- Loss of privileges, such as losing recess and/or intramurals
- Cleaning up
- Payment of damages and/or repairing damages
  - Removal or ban from:
    - o Classroom
    - o Other privileges, including, but not limited to, computer network use
    - o Co-curricular, social or extracurricular activities
    - Athletic participation
- Suspension, to include:
  - In-school suspension
  - o Short-term Out of School Suspension (up to 5 full days) with alternative instruction
  - Short-term suspension from school (up to 5 full school days)
  - Long-term suspension from school (more than 5 full school days) with alternative instruction
  - Short-term, long-term or expulsion from transportation
  - Permanent suspension (expulsion) from school
- In addition to the above listed consequences, additional administrative action may include a referral to:
  - PINS (Person in Need of Supervision) proceeding, for repeated, incorrigible behavior
  - o Law Enforcement
  - Presentment Agency or other Social Services
  - Mental Health, Drug and/or Alcohol Counseling

#### STANDARDIZED CONSEQUENCES

Violations may warrant more than the minimum consequences stated here. Project SAVE legislation requires that each district state the absolute minimum of consequences for violent behaviors and then "build" from that baseline. Standardized consequences for elementary students will be adjusted by the principal as developmentally appropriate to the age of the child.

**Disruptive acts:** minimum one full school day of out-of-school suspension for a student who:

- Commits an act of violence against another student or any person <u>lawfully or unlawfully</u> upon district property (based upon the severity of the injury)
- Knowingly and intentionally damages or destroys the personal property of a teacher, administrator, other district employee, or any person
- Knowingly and intentionally damages or destroys school property (based upon the severity of the damage).

**Violent acts:** minimum five full school days out-of-school suspension for a student who:

- Commits an act of violence against another student or any person <u>lawfully or unlawfully</u> on district property and/or district sponsored activities (based upon the severity of the injury).
- Possesses or displays a gun, knife, explosive or incendiary bomb or other dangerous weapon
- Threatens to use, as a weapon, any instrument that appears capable of causing physical injury or death

The Superintendent and/or designee must refer any student under the age of sixteen who has brought a weapon to school to the Presentment Agency (County Attorney's Office) for a juvenile delinquency proceeding. The Superintendent or designee must refer any student 16 years of age or older, or a student 14 or 15 years of age who qualified for juvenile offender status, who has brought a weapon to school, to appropriate law enforcement.

## For additional information, see the Procedures for Discipline of Students with Disabilities section.

### **Alcohol and Other Drug Violations**

Violations of policy regarding alcohol, drugs, drug paraphernalia and/or prescription drugs generally will may carry the following consequences:

- Suspension from school for five days
- Suspension from extra-curricular activities including athletics for 30 14 days
- Notification of parent/guardian
- Notification of law enforcement
- Superintendent's Hearing

The District will assist students involved with alcohol or other substances in choosing healthier and more productive behaviors and will provide information about third-party service providers to help students with substance abuse problems.

## **Dress Code**

## Student Dress Code for All Students K-12

The responsibility for the dress and appearance of students shall rest with the individual and parent/guardian. While dress is a matter of personal choice, teachers, administrators, and District personnel should model and reinforce student understanding of appropriate dress.

An individual's dress and appearance should be safe, appropriate, and not interfere with the education process (e.g., wearing sneakers for Physical Education class and not wearing open-toed shoes on the playground, etc.). Note: Some classes, may require wearing appropriate protective gear, protective clothing, and removal of jewelry for safety purposes.

#### Students should *not* wear items:

- perceived to be obscene, vulgar, libelous, or offensive to others because of race, color, religion, creed, national origin, gender, gender expression, gender identity, sexual orientation, body image, disability, or other protected category;
- that promote or endorse weapons, alcohol, tobacco, smoking, legal or illegal drugs or substances violence or violent acts, or the use of the aforementioned;
- that expose body parts or undergarments, or are provocative;
- on their heads (grades K-5), except for medical, religious, or cultural purposes;
- that cover their face, except for medical, religious or cultural purposes; and
- that are a tripping hazard.

This does not mean that student, faculty, or parent groups may not recommend appropriate dress for school or special occasions. It means that a student shall not be prevented from attending school, riding a bus, attending a school function on or off District property, so long as their dress and appearance meet the requirements.

## Drug, Alcohol and Tobacco Use

Board Policy 7320 (Alcohol, Tobacco, Drugs and Other Substances)

STUDENTS HAVE THE RIGHT TO a safe and drug-free school environment.

**STUDENTS HAVE A RESPONSIBILITY** to contribute to a safe environment and give their best effort without compromising either by using alcohol or drugs. Students also have a responsibility to think about the impact of substances that they put in their body and to be aware of the impact.

No student shall use, possess, sell or distribute alcohol and/or other substances on school grounds, at school- sponsored events or on a bus. No student shall use or possess drug paraphernalia or be under the influence of drugs or alcohol on school grounds or at school- sponsored events.

The term "alcohol and/or other substances" includes, but is not limited to, alcohol, nicotine, inhalants, vaping, marijuana, other illegal drugs, look-alikes and any of the substances commonly referred to as "designer drugs." The inappropriate use, possession, sale or distribution of prescription and over-the-counter drugs is also prohibited.

Students who violate this policy will be suspended immediately from school in accordance with Education Law and Code of Conduct.

## What happens when students are suspected of using (or being under the influence of) alcohol or other substances?

During the school day, the student is sent to an administrator's office and for the health, welfare and safety of the student and others, the following actions *may* include:

- An administrator speaks with and assesses the student
- Reasonable suspicion search of person(s) and belongings including vehicle(s)
- The school nurse speaks with and assesses the student
- Parents/guardians are notified
- Local law enforcement is contacted
- Local emergency personnel are contacted

If it is determined the student has consumed alcohol, drugs or other impermissible substances, when parents/guardians are notified, they must pick up the student. It may be determined by medical personnel that transport by ambulance or law enforcement may be necessary.

At school events or on school grounds after school hours, an administrator attending the event will determine if alcohol, drugs or other impermissible substance use is involved. If so, the administrator notifies the parent/guardian and local law enforcement if deemed necessary.

### What if the person involved with alcohol or drugs is not a student?

All people are prohibited from school grounds or school-sponsored events if they exhibit behavior, conduct or personal characteristics that indicate they used or consumed alcohol and/or other impermissible substances or if they sell, distribute or possess alcohol and/or other impermissible substances.

## Does the District offer any help to those involved with alcohol or substance use?

The District will assist students and staff involved with alcohol or other substances. The District offers a program entitled the Student Assistance Program (SAP). This program for students brings together school, community, family and the youth in a working partnership. They offer assistance to students currently experiencing problems or those at risk for problems. The SAP is designed to help students succeed in the school setting and break down barriers to learning, allowing students to successfully complete their education.

### What about prescription and over-the-counter medicine?

Prescription and over the counter medications that need to be administered during school hours must be accompanied by written authorization from parent/guardian and the child's attending physician. Parents or caregivers must deliver the medication to the nurse's office.

Medication <u>cannot</u> be sent in with a child. You are encouraged to contact your child's school nurse with any questions.

#### Alcohol and other drug violations:

Violations of policy regarding alcohol, drugs, drug paraphernalia, "look alike" drugs and/or prescription drugs generally carry the following consequences:

- Suspension from school for a minimum of five days
- Notification of parent/guardian
- Notification of law enforcement

#### **Tobacco Use**

The Brockport Central School District is a tobacco-free environment. The District recognizes its responsibility to promote the health, welfare and safety of students, staff and others on school property and at school sponsored activities.

No person is permitted to use or sell tobacco products (including but not limited to cigarettes, ecigarettes, cigars, any smoking device, vaping, pipes, bidis, clove cigarettes, dip, chew, snus, snuff and any other spit or smoking tobacco product) in any way, at any time, including non-school hours, on District property, grounds or in District vehicles. In addition, no student shall use, possess, sell or distribute tobacco products at school sponsored events. Tobacco advertising is not allowed on school property, grounds, at any school sponsored off-campus event or in any school sponsored publications.

Students and/or staff found in violation of this policy may be given the opportunity to participate in tobacco prevention and cessation programs.

Signs communicating this policy are prominently posted and properly maintained in all building entrances, grounds and vehicles. The Brockport Central School District annually notifies students, parents/guardians and staff of the tobacco-free policy.

## **Educational Records**

Board Policy 7240 (Student Records: Access and Challenge)

## 1. General

The District maintains certain records on each of its students. In general, these records contain progress reports, attendance records, grades, intelligence quotient assessment results, tests, achievement scores, medical records, athletic records, disciplinary records and other forms of academic evaluation of students by educators. Psychological and psychiatric reports are confidential and are kept in separate files.

FERPA and provisions in the No Child Left Behind Act (NCLB) give the 18-year-old student and both parents/guardians of younger students (unless prohibited by state law, court order or binding legal agreement) the right to:

- Inspect and review any and all official records, files and other data directly related to the student
- Receive a list of individuals having access to these records
- Ask for an explanation of any item in the records
- Ask for an amendment to any record on the grounds that it is inaccurate, misleading or in violation of the privacy of the student and provide the basis for such belief
- Obtain a hearing if the school determines not to make the amendment
- The District may disclose education records without prior consent in other circumstances permitted by FERPA and NCLB

## 2. Disclosure

Records of each student are kept confidential with certain exceptions including, but not limited to, under court orders, for health and safety emergencies under the law and when certain persons need to know for the furtherance of the student's education, such as a meeting of the Committee on Special Education.

However, the District may release, without prior consent, "directory information" for each student, which includes the student's:

- name, address, telephone number
- date and place of birth, age
- school currently attending
- grade level
- participation in officially recognized activities and sports
- weight, if the student is a member of an athletic team
- height, if the student is a member of an athletic team
- dates of attendance
- degrees and awards received
- most recent previous educational institution attended

Under FERPA and the NCLB regulations regarding information disclosed to military recruiters, opportunity shall be given annually for parents/guardians or eligible students to notify the school principal that some or all of this information is not to be released without prior consent. This letter is mailed to families in August of each year.

Parents/guardians or students objecting to the release of some or all of this information without prior consent must "opt-out." They may opt-out by annually notifying the building principal in writing by the last school day of September, identifying the types of directory information to be withheld from release. The annual notification must be received by the building principal by close of business on September 30, unless September 30 falls on a weekend or holiday, in which case the deadline will be extended to the close of business of the next school day.

### **Equal Educational Opportunity Rights**

All students shall have equal educational opportunities regardless of actual or perceived race, gender, color, creed, religion, national origin, age, disability, economic status, sexual orientation, gender identity and expression, marital status and/or other legally protected classification, status or characteristic. The District will allow access to activities as is required by local, state or federal law, except as otherwise provided by law or regulation. This District policy follows the requirements of Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and Tompkins County Local Law Chapter 92-5.

## **Essential Partners**

Essential partners shall be role models of respectful behavior as they interact with all students. The roles of essential partners are further elaborated in this section.

## A. Teachers shall:

- maintain appropriate student behavior and a climate of mutual respect and dignity in their classrooms and throughout their schools at all times. Classrooms and schools should be so managed that at all times the objectives of training for self-discipline, individual responsibility and favorable climate for learning will be realized;
- 2. contact and involve the parents/guardians as soon as possible in the resolution of a problem;
- 3. detain students after school for a conference and assistance when appropriate. Such a detention may be scheduled for the day following the infraction so that the teacher can inform the parents/guardians and arrangements can be made for transportation;
- 4. know school policies and rules and enforce them in a fair and consistent manner;
- 5. exhaust all possibilities and resources available to them for a solution when a discipline problem occurs. This means that, in most cases, there will be at least one or more private conferences between the teacher, the student and the parents/guardians to attempt to resolve the problem. If this is unsuccessful, teachers need to seek further assistance from the administration and/or counseling staff of the school;
- **6.** provide instructional materials for suspended students upon request and for students with an approved medical excuse from classes; and
- 7. work with students to understand their behavior and to reinforce appropriate behavior.

## B. Counselors and Psychologists shall:

- 1. work with teachers and administrators to involve the parents/guardians in the resolution of a problem;
- 2. work as part of a multidisciplinary team with parents/guardians and students to develop Response to Intervention Plans designed to help students to be more successful in school; and
- **3.** provide short-term individual and group counseling and/or make appropriate referrals to outside agencies.
- 4. work with teachers, administrators, other staff members, parents/guardians and students to attempt to elicit the root cause of inappropriate behavior and collaboratively develop plans to address both the symptoms and root causes of discipline problems.

## C. Administrators shall:

- 1. promote a safe, orderly and stimulating school environment, supporting active teaching and learning;
- 2. enforce the laws, policies, this Code of Conduct and regulations to ensure appropriate student behavior and a conducive educational climate;
- 3. contact and involve parents/guardians in the resolution of a problem;
- 4. facilitate parent conferences;
- 5. work with students to improve their behavior and, when appropriate, refer them to the appropriate support personnel for additional assistance; and

6. work with teachers, counselors, other staff members, parents/guardians and students to attempt to elicit the root cause of inappropriate behavior and collaboratively develop plans to address both the symptoms and root causes of discipline problems.

## D. Other School Staff shall:

- 1. deal with all students in alignment with the District's Core Beliefs (see inside front cover);
- 2. uphold the Code of Conduct; and
- 3. report violations to school authorities.

## E. Parents/Guardians shall:

- 1. confer and collaborate with district personnel in working toward solutions to problems;
- 2. know the District Code of Conduct and expect compliance from their children; and
- 3. seek out-of-school help (medical, counseling and parenting) when necessary.

## Visitors to the Schools

All visitors are required to report to the main office upon arrival at school and state their business. Visitations to classrooms for any purpose require permission in advance from the building principal. The building principal may deny requests to visit if the purpose of the visit is deemed inappropriate, disruptive or interferes with staff or student supervision.

Student visitors from other schools, unless they have a specific reason and prior approval of the Superintendent or designee, are not permitted to enter school buildings. New students accompanied by parents/guardians and escorted by staff are always welcome.

Visits to school buildings are to be in accordance with Board policy and this Code of Conduct. A violation of the visitation policy and/or the Code of Conduct will be prosecuted pursuant to New York State law.

### **Electronic Visitor Management System**

The District utilizes an electronic visitor management system (EVMS) in order to ensure the safety and welfare of its students, staff and guests. When any visitor, including parents and volunteers, wishes to enter any school building during school hours, a valid state or government issued photo ID, such as a valid driver's license, must be presented. Prior to entry permission, the EVMS will check visitors against known sexual offender databases. After scanning the visitor's ID, the EVMS will print a visitor's badge that must be worn throughout the duration of the visit. Visitors should return this badge at the end of their visit so that they may be checked out of the building in a timely fashion. Visitors who refuse to produce IDs or fail the check of sexual offender databases, may be asked either to wait in the school building lobby or to leave school premises.

### Public Conduct at School Functions on or off School Property

The District is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, parents/guardians and/or district personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The District recognizes that free inquiry and free expression are indispensable to the objectives of the District. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

#### **C. Enforcement**

The building principal and/or designee shall be responsible for enforcing the conduct required by this Code. When the building principal or designee sees an individual engaged in prohibited conduct which, in their judgment, does not pose any immediate threat of injury to persons or property, the principal or designee shall tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. The principal or designee shall also warn the individual of the consequences for failing to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the principal or designee shall have the individual removed immediately from school property or the school function. If necessary, local law enforcement authorities will be contacted to assist in removing the person. In accordance with the Dignity for All Students Act, the District will take necessary steps to address matters related to discrimination and/or harassment of students.

Should you have questions/concerns related to suspected discrimination and/or harassment of students or wish to make a report, please contact the respective principal who serves as the Dignity Act Coordinator for that building. The District may initiate disciplinary action against any student or staff member, as appropriate, with the "Penalties" section above. In addition, the District reserves its right to pursue a civil or criminal legal action against any person violating the Code.

## **Grievance Procedures for Students**

Students have a right to dispute the actions of a staff member or of the District in regard to their individual rights. The District intends to resolve the matter at the earliest possible stage while ensuring that the rights and integrity of all concerned are protected.

Students who feel one or more of their individual rights have been violated may follow established procedures to address their concerns. Generally, the first place to seek information is from a teacher, a school counselor, school social worker or principal. Students who feel they have not received a satisfactory resolution at this level may seek a solution through formal procedures (e.g., the Student Grievance Procedure). Students and parents/guardians may also have recourse to the Commissioner of Education, certain federal and other state agencies and/or a court of law. Parents/guardians may be involved at any level of a grievance and have the same rights as the student.

## Definitions

<u>Grievance</u>: A claim by any student based on any event affecting his or her rights including equal opportunity rights, which will be handled according to this procedure. (Claims of harassment will be handled by the Harassment Reporting and Response Procedures.)

<u>Student Advocate</u>: Any adult of the student's choice who agrees to see that the student's rights are protected throughout the grievance process. Students may have an advocate present at all steps of the grievance procedure. (The Superintendent's Hearing process follows a different procedure.)

<u>Parents/Guardians</u>: Either or both parents, legal guardian(s) or person(s) in parental relation to the aggrieved student.

### The aggrieved student has the right to:

- State the grievance orally and/or in writing
- Be notified of the progress of the case at each step of the way
- Ask questions of witnesses who present testimony at the hearing level
- Be furnished copies of official records that may be kept of the proceedings

### **Time Limits**

A student must start a grievance within 10 school days of the time they know of, or should have known of, the act or condition that is the subject of the grievance. A student may start a grievance at <u>Step 1</u>, either individually or by asking for assistance from an advocate of the student's choice.

## **Grievance Procedure Steps**

## <u>Step 1:</u>

The aggrieved student (with an advocate, if desired) should discuss the situation with the staff member involved. If the student is not satisfied with the response, they may move to Step 2 within two school days of this meeting.

## <u>Step 2:</u>

The student should discuss the matter with his or her their school counselor or the assistant principal or principal. The counselor or administrator will respond to this discussion within two school days unless all parties have agreed upon a specific request for more time. If the student is not satisfied with this response, the student may move to <u>Step 3</u> within five school days of receipt of the decision.

## <u>Step 3:</u>

The student should file a written appeal with the principal. This must include the student's name, a statement of the particular problem, the identity of the people involved, the time, place and circumstances of the events or conditions that led to the grievance and a statement of the action the student wants in order to correct the situation.

Within five school days of receipt of this written appeal, the principal or representative will hold a hearing with the student and others involved. Within two school days of the conclusion of this hearing the principal will provide a decision in writing to the student. If the student is not satisfied with this response, they may move to <u>Step 4</u> within five school days of receipt of the decision.

## <u>Step 4:</u>

The student should file a written appeal with the Superintendent or designee. This written appeal should follow the same form as for <u>Step 3</u>. The Superintendent will consider the written appeal, the record of the matter created in the prior steps and any other information required at the Superintendent's discretion and shall render a written determination to the student within 10 school days. The Superintendent's decision (except in cases of suspension from school and cases of Equal Opportunity grievances) is final.

### <u>Step 5</u>:

In cases regarding equal education opportunity, if the student still feels aggrieved, they may carry the appeal in writing to the Board within 30 school days.

## **Gun-Free and Weapons-Free Schools**

## Board Policy 7360 (Weapons in School and the Gun-Free Schools Act)

No student may bring in or possess any "firearm" or "weapon" on district property, on a school bus or district vehicle, in district buildings, or at district sponsored activities or settings under the control or supervision of the District, regardless of location. Any student who has been found guilty of bringing in or possessing a firearm or weapon in violation of this policy will be disciplined in a manner consistent with state and federal law and the District's Code of Conduct. Such discipline may include a mandatory suspension for a period of not less than one calendar year for a student who is determined to have violated the Federal Gun-Free Schools Act and its implementing provisions in the New York State Education Law, provided that the Superintendent may modify the suspension requirement on a case-by-case basis.

Students who violate this policy will be referred by the Superintendent to either a presentment agency (the agency or authority responsible for presenting a juvenile delinquency proceeding) or to appropriate law enforcement officials as dictated by law.

For the purposes of this policy, the term "weapon" will be as defined in 18 USC 930(g)(2). For the purposes of this policy, the term "firearm" will be as defined in 18 USC 921(a).

This policy does not diminish the authority of the Board of Education to offer courses in instruction in the safe use of firearms pursuant to Education Law Section 809-a.

## Weapons and the Superintendent's Actions

Board Policy 7360 (Weapons in School and the Gun-Free Schools Act)

Pursuant to the Federal Gun-Free Schools Act of 1994, any student found guilty at a Superintendent's Hearing of bringing a firearm onto school property or of having a firearm in their possession on school property, will be subject to at least a one-year suspension from school, subject to review on a case-by-case basis by the Superintendent.

The Superintendent or designee must refer any student under the age of sixteen who has brought a weapon to school to the Presentment Agency (County Attorney's Office) for a juvenile delinquency proceeding. The Superintendent or designee must refer any student sixteen years of age or older, or a student fourteen or fifteen years of age who qualified for juvenile offender status, who has brought a weapon to school, to appropriate law enforcement officials.

## **Out of School Suspension (Short-Term)**

Board Policy 7314 (Suspension of Students)

The Superintendent and principals (or in the absence of a principal, acting principals) have the authority to order a suspension of students from school for up to five days. In doing so, they must give the student oral or written notice of the charges against him or her and give the student an opportunity to present their side of the case. However, students whose presence poses a danger to persons or property may be immediately removed from the school.

When the Superintendent or the principal (the "suspending authority") proposes to suspend a student for five school days or less, the suspending authority shall provide the student with **notice** of the charged misconduct. If the student <u>denies</u> the misconduct, the suspending authority shall provide an **explanation** of the basis for the suspension.

When suspension of a student for a period of five school days or less is proposed, administration shall also immediately notify the parent/guardian in writing that the student may be suspended from school. Written notice shall be provided by personal delivery, express mail delivery, email or equivalent means reasonably calculated to assure receipt of such notice within twenty-four hours of the decision to propose suspension at the last known address or addresses of the parent(s)/guardian. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parent/guardian.

The notice shall provide a description of the incident(s) for which suspension is proposed and shall inform the student and the parent/person in parental relation of their right to request an immediate informal conference with the principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference shall be in the dominant language or mode of communication used by the parents/persons in parental relation. At the informal conference, the student and/or parent/person in parental relation shall be authorized to present the student's version of the event and to ask questions of the complaining witnesses.

The notice and opportunity for informal conference shall take place **prior to** suspension of the student <u>unless</u> the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practical.

Teachers shall immediately report or refer a violent student to the principal or Superintendent for a violation of the District's Code of Conduct.

The principal or designee may require a restorative conversation meeting with the student prior to reinstatement following out-of-school suspension.

## **Out of School Suspension (Long-Term) and Expulsion**

## Board Policy 7314 (Suspension of Students)

The Superintendent has the authority to suspend a student from school for more than five days. Principals may recommend such disciplinary action to the Superintendent by submitting a written history of the case and the reasons for the recommendation.

No student may be suspended from school for more than five days unless the student and their parents/guardians have been afforded the opportunity for a fair hearing, upon reasonable notice, where the student has the right to be represented by counsel, to present witnesses and other evidence on their behalf and to question adverse witnesses. Long-term school suspension hearings will be conducted in accordance with the provisions of the New York State Education Law, Section 3214(3), and the notice of such hearings should advise the student of the rights afforded him or her pursuant to this law.

The hearing ordinarily must take place within the initial five-day suspension period. If the hearing cannot reasonably occur during the initial five-day suspension period, then the hearing can occur at a later date, if the parent/guardian writes a letter agreeing for their child to remain out of school until the hearing can be scheduled at a mutually agreeable time. The principal or assistant principal is considered the "investigating officer" for the hearing. This is an impartial hearing that entitles each student to due process.

Individuals who testify are to be administered an oath requiring them to acknowledge that they must tell the truth, under penalty of perjury and/or further school disciplinary consequences. Testimony of the "facts of the case" is taken and recorded on an audio recording device.

There are two phases to a hearing. The first phase determines, based upon the evidence, whether the behavior actually occurred. The second phase determines the consequences, if actual guilt is determined. At this point in the hearing (consequence phase), the student's previous disciplinary records are entered and the student and others have the opportunity to speak on the student's behalf.

If the student is a special education student, a manifestation determination hearing (see "Discipline and Students with Disabilities") takes place between the two phases.

After the hearing, the hearing officer makes a recommendation to the Superintendent. The Superintendent reviews the facts and renders a final written determination. The principal or assistant principal. The family will be contacted by phone and/or email of the Superintendent's determination.

Infractions of the drug-free and weapons-free policies warrant an immediate five days out-ofschool suspension and referral to a Superintendent's Hearing. Any other referrals to the Superintendent for disciplinary action must be preceded by a five-day out-of- school suspension.

Following the hearing, the Superintendent will determine the length of the school suspension, if any, and if the Superintendent determines that the facts and circumstances justify such action, the student may be expelled (permanently suspended).

When the school suspension is based, in whole or in part, upon the student's possession of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the instruments specified in Penal Law Section 265.01(1), the hearing officer or Superintendent will be allowed to consider the weapon as evidence, notwithstanding a determination by a court that the recovery of the weapon was the result of an unlawful search or seizure.

A student suspended from school for more than five consecutive school days may be reinstated by the Superintendent or the Superintendent's designee after the stipulations and consequences resulting from the Superintendent's Hearing have been met and documented. The principal or designee may require a restorative meeting with the student prior to reinstatement following out-of-school suspension. <u>but cannot require students who have served their suspensions to</u> attend a re-admission conference.

## **Discipline of Students with Disabilities:**

The Board of Education recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities who violate the district's student code of conduct, and/or to temporarily remove a student with disabilities from his or her current placement because maintaining the student in that placement is substantially likely to result in injury to the student or to others. The Board also recognizes that students with disabilities deemed eligible for special education services under the IDEA and Article 89 of New York's Education Law enjoy certain procedural protections that school authorities must observe when they decide to suspend or remove them. Under certain conditions those protections extend, as well, to students not currently deemed to be a student with a disability but determined to be a student presumed to have a disability for discipline purposes. Therefore, the Board is committed to ensuring that the district follows suspension and removal procedures that are consistent with disabilities and students presumed to have a disability for discipline purposes the express rights they enjoy under applicable law and regulations.

## Authority of School Personnel to Suspend or Remove Students with Disabilities

For the purposes of this section of the Code of Conduct, the following definitions apply:

- a) A suspension means a suspension pursuant to NYS ED Law s/s 3214.
- b) A removal means a removal for disciplinary reasons from the student's current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself/herself or to others.
- c) An IAES means a temporary educational placement for a period of forty-five (45) school days, other than the student's current placement at the time the behavior precipitating the IAES placement occurred. Although in another setting, the student is to continue to receive those services and modifications, including those described on the student's current individualized education program (IEP) that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior

which precipitated the IAES placement that are designated to prevent the behavior from recurring.

The Board of Education, Superintendent of Schools or a Building Principal with authority to suspend students under the Education Law may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five consecutive school days.

The Superintendent may, directly or upon the recommendation of a designated hearing officer, order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed ten consecutive school days inclusive of any period in which the student has been suspended or removed for the same behavior pursuant to the above paragraph, if the Superintendent determines that the student's behavior warrants the suspension. The Superintendent also may order additional suspensions of not more than ten consecutive school days in the same school year for separate incidents of misconduct, as long as the suspensions do not constitute a disciplinary change of placement.

In addition, the Superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for a period in excess of ten consecutive school days if the manifestation team determines that the student's behavior was not a manifestation of the student's disability. In such an instance, the Superintendent may discipline the student in the same manner and for the same duration as a non-disabled student.

Furthermore, the Superintendent may, directly or upon the recommendation of a designated hearing officer, order the placement of a student with a disability to an IAES to be determined by the committee on special education for a period of up to 45 school days if the student either:

1. Carries or possesses a weapon to or at school, on school premises or to a school event, or

2. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises or at a school event under the district's jurisdiction, or

 Has inflicted serious bodily injury upon another person while at school, on school premises or at a school event under the district's jurisdiction.

The Superintendent may order the placement of a student with a disability to an IAES under such circumstances, whether or not the student's behavior is a manifestation of the student's disability. However, the committee on special education will determine the IAES.

#### Procedures for the Suspension or Removal of Students with Disabilities by School Personnel

In cases involving the suspension or removal of a student with a disability for a period of five consecutive school days or less, the student's parents or persons in parental relation to the student will be notified of the suspension and given an opportunity for an informal conference in accordance with the same procedures that apply to such short term suspensions of non-disabled students.

The suspension of students with disabilities for a period in excess of five school days will be subject to the same due process procedures applicable to non-disabled students, except that the student disciplinary hearing conducted by the Superintendent or a designated hearing officer shall be divided into three phases: a guilt phase, a manifestation determination phase and a penalty phase. Upon a finding of guilt, the Superintendent or the designated hearing officer will await notification of the determination by the manifestation team as to whether the student's behavior was a manifestation of their disability. The penalty phase of the hearing may proceed after receipt of that notification. If the manifestation team determined that the behavior was not a manifestation of the student's disability, the student may be disciplined in the same manner as a non-disabled student, except that he or she will continue to receive services as set forth below. However, if the behavior was deemed a manifestation of the student's disability, the student's disability, the hearing will be dismissed, unless the behavior involved concerned weapons, illegal drugs or controlled substances, or the infliction of serious bodily injury, in which case the student may still be placed in an IAES.

### Change of Placement Limitations on Authority of School Personnel to Suspend or Remove Students with Disabilities

A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:

a) for more than ten (10) consecutive school days, or

b) for a period of ten (10) consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they accumulate to more than ten (10) school days in a school year because of such factors as the length of each suspension or removal, the total amount of time the student is removed, the similarity of behavior resulting in the removals, and the proximity of suspensions or removals to one another.

The imposition of a suspension or removal by authorized school personnel may not result in a disciplinary change of placement of a student with a disability that is based on a pattern of suspensions or removals as set forth above unless:

1. The manifestation team determines that the student's behavior was not a manifestation of the student's disability, or

2. The student is removed to an IAES for behavior involving weapons, illegal drugs or controlled substances, or the infliction of serious bodily injury as set forth above

School personnel may not suspend or remove a student with a disability in excess of the amount of time that a non-disabled student would be suspended for the same behavior.

#### Parental Notification of a Disciplinary Change of Placement

The district will provide the parents of a student with a disability notice of any decision to make a removal that constitutes a disciplinary change of placement because of a violation of the student code of conduct. Such notice will be accompanied by a copy of the procedural safeguards notice.

#### Authority of an Impartial Hearing Officer to Remove a Student with a Disability

An impartial hearing officer may order the placement of a student with a disability to an IAES for up to 45 school days at a time if he or she determines that maintaining the current placement of the student is substantially likely to result in injury to the student or to others. This authority applies whether or not the student's behavior is a manifestation of the student's disability

#### **Manifestation Review**

A review of the relationship between a student's disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the student's disability will be made by the manifestation team immediately, if possible, but in no case later than 10 school days after a decision is made by:

1. The Superintendent to change the placement of a student to an IAES;

2. An impartial hearing officer to place a student in an IAES; or

 The Board, the Superintendent, or Building Principal to impose a suspension that constitutes a disciplinary change in placement.

The manifestation team must determine that the student's conduct was a manifestation of the student's disability if it concludes that the conduct in question was either:

1. Caused by or had a direct or substantial relationship to the student's disability, or

 The direct result of the district's failure to implement the student's individualized education program.

The manifestation team must base its determination on a review of all relevant information in the student's file including the student's individualized education plan, any teacher observations, and any relevant information provided by the parents.

If the manifestation team determines that the student's conduct is a manifestation of the student's disability, the district will:

1. Conduct a functional behavioral assessment of the student and implement a behavioral intervention plan, unless the district had already done so prior to the behavior that resulted in the disciplinary change of placement occurred. However, if the student already has a behavioral intervention plan, the plan and its implementation will be reviewed and modified as necessary to address the behavior.

2. Return the student to the placement from which he or she was removed, unless the change in placement was to an IAES for conduct involving weapons, illegal drugs or controlled substances or the infliction of serious bodily injury, or the parents and the district agree to a change in placement as part of the modification of the behavioral intervention plan.

If the manifestation team determines that the conduct in question was the direct result of the district's failure to implement the student's individualized education program, the district will take immediate steps to remedy those deficiencies.

#### Services for Students with Disabilities during Periods of Suspension or Removal

Students with disabilities who are suspended or removed from their current educational setting will continue to receive services as follows:

 During suspensions or removals of up to 10 school days in a school year that do not constitute a disciplinary change in placement, the district will provide alternative instruction to students with disabilities of compulsory attendance age on the same basis as non-disabled students. Students with disabilities who are not of compulsory attendance age will receive services during such periods of suspension or removal only to the same extent as non-disabled students of the same age would if similarly suspended.

2. During subsequent suspensions or removals of up to 10 school days that in the aggregate total more than 10 school days in a school year but do not constitute a disciplinary change in placement, the district will provide students with disabilities services necessary to enable them to continue to participate in the general education curriculum and to progress toward meeting the goals set out in their respective individualized education program.

3. Suspensions or removals in excess of 10 school days in a school year that constitute a disciplinary change in placement, including placement in an IAES for behavior involving weapons, illegal drugs or controlled substances, or the infliction of serious bodily injury, the district will provide students with disabilities services necessary to enable them to continue to participate in the general curriculum and to progress toward meeting the goals set out in their respective individualized education program. In such an instance, the committee on special education will determine the appropriate services to be provided.

### Students Presumed to Have a Disability for Discipline Purposes

The parent of a student who is facing disciplinary action but who was not identified as a student with a disability at the time of misconduct has the right to invoke any of the protections set forth in this policy in accordance with applicable law and regulations, if the district is deemed to have had knowledge that the student was a student with a disability before the behavior precipitating disciplinary action occurred and the student is therefore a student presumed to have a disability for discipline purposes.

If it is claimed that the district had such knowledge, it will be the responsibility of the Superintendent, Building Principal or other authorized school official imposing the suspension or removal in question for determining whether the student is a student presumed to have a disability for discipline purposes. The district will be deemed to have had such knowledge if:

1. The student's parent expressed concern in writing to supervisory or administrative personnel, or to a teacher of the student that the student is in need of special education. Such expression may be oral if the parent does not know how to write or has a disability that prevents a written statement; or

2. The student's parent has requested an evaluation of the student; or

3. A teacher of the student or other school personnel has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the district's director of special education or other supervisory personnel.

Nonetheless, a student will not be considered a student presumed to have a disability for discipline purposes if notwithstanding the district's receipt of information supporting a claim that it had knowledge the student has a disability,

1. The student's parent has not allowed an evaluation of the student; or

2. The student's parent has refused services; or

3. The District conducted an evaluation of the student and determined that the student is not a student with a disability.

If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors. However, if the district receives a request for an individual evaluation while the student is subjected to a disciplinary removal, the district will conduct an expedited evaluation of the student in accordance with applicable law and regulations. Until the expedited evaluation is completed, the student shall remain in the educational placement determined by the district which can include suspension.

#### **Expedited Due Process Hearings**

The district will arrange for an expedited due process hearing upon receipt of or filing of a due process complaint notice for such a hearing by:

 The district to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement;

 The district during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings;

 The student's parent regarding a determination that the student's behavior was not a manifestation of the student's disability; or

4. The student's parent relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.

The district will arrange for, and an impartial hearing officer will conduct, an expedited due process hearing in accordance with the procedures established in Commissioner's regulations. Those procedures include but are not limited to convening a resolution meeting, and initiating and completing the hearing within the timelines specified in those regulations.

When an expedited due process hearing has been requested because of a disciplinary change in placement, a manifestation determination, or because the district believes that maintaining the student in the current placement is likely to result in injury to the student or others, the student will remain in the IAES pending the decision of the impartial hearing officer or until the expiration of the period of removal, whichever occurs first unless the student's parent and the district agree otherwise.

## **Referral to Law Enforcement and Judicial Authorities**

Consistent with its authority under applicable law and regulations, the district will report a crime committed by a student with a disability to appropriate law enforcement and judicial authorities. In such an instance, The Superintendent will ensure that copies of the special education and disciplinary records of the student are transmitted for consideration to the appropriate authorities to whom the crime is reported, to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act (FERPA).

## **Appendix II: Frequently Asked Questions**

Q: A Code of Conduct violation was committed against my child. When I asked the principal what the consequences were for the student who violated the Code of Conduct, the principal told me that they weren't allowed to share this information. Why?

A: While it can be frustrating not to know the outcome of a disciplinary incident where your son or daughter was a victim, the school district is bound by FERPA (Family Educational Rights and Privacy Act) to only share information with families about their own children. This ensures privacy as individual student school records can only be shared with that individual student's family.

## Q: What is the Dignity for All Students Act (DASA)?

A: New York State's Dignity for All Students Act seeks to provide the State's public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment and bullying on school property, a school bus and/or at a school function. The Dignity Act was signed into law on September 13, 2010 and took effect on July 1, 2012. For

more information about the Dignity for All Students Act see page 8 of the Code of Conduct.

## Q: What happens if my child and I do not attend the Superintendent's Hearing?

**A:** If a parent/guardian and/or student choose not to attend the Superintendent's Hearing, the hearing will proceed as scheduled.

## Q: What is a hearing officer?

**A:** A hearing officer is a designated person hired by the District who conducts the hearing. The hearing officer's report is advisory only and the Superintendent may accept or reject all or any part of it.
